Scientific Program

On behalf of the Inflammatory Breast Cancer International Consortium (IBC-IC)
And
Association de Formation et de Sensibilisation à l’Oncologie Multidisciplinaire de l’Ariana (AFSOMA)
In collaboration with:
Tunisian Society of Medical Oncology (STOM)
Tunisian Society of Radiation Therapy (STOR)
Pasteur Institute of Tunis (IPT)
Faculty of Sciences of Tunis (FST)
Faculty of Medicine of Tunis (FMT)
University of Tunis El Manar (UTM)

Chair: Hamouda Boussen, Massimo Cristofanilli

Organizing committee: Maroua Manai, Nesrine Mejri, Houda El Benna, Boutheina Kanzari, Hatem Bouzaiene

Scientific committee: Massimo Cristofanilli, Naoto Tada Ueno, Hugo Arias-Pulido, Lotfi Kochbati, Khaled Rahal, Farouk Benna, Hamouda Boussen, Monia Hechiche, Chiraz Nasr, Sonia Abdelhak, Karima Mrad, Mohamed Manai

Wednesday September 25th, 2019

8.00-9.00 Registration Opening

1st Session: Epidemiological aspects of Inflammatory Breast Cancer

Chairs: H Bouzaïene, L Kochbati, S Labidi, A Awada

9.00-9.20 Introduction and objectives of the workshop Hamouda Boussen (Tunisia) and Massimo Cristofanilli (USA)

9.20-9.40 History and Transitional epidemiology of IBC Hamouda Boussen (Tun)

9.40-10.00 Epidemiology of IBC in USA Randa Al Zein (USA)
10.00-10.10 PET-CT in Inflammatory Breast Cancer: A new vision of the disease Ihsen Slim (Tun)
10.10-10.20 Discussion

Coffee break 10.20 -10.40

2nd Session: Molecular biology of Inflammatory Breast Cancer

Chairs: S Abdelhak, M Manai, H Arias-Pulido, F Benna
10.40-11.00 Molecular testing in clinical practice: To be or not to be a necessary tool in IBC Massimo Cristofanilli (USA)
11.00-11.20 Molecular alterations of IBC Celine Callens (France)
11.20-11.40 Experimental models of IBC: Where are we? Kenneth Van Golen (USA)
11.40-12.00 Discussion

12.00-13.00 Round table: brainstorming about translational research on IBC (limited to pre-registration)
Chairs: S Abdelhak, Y Hamdi, M Cristofanilli
12.00-13.00: E-Posters visit

Lunch 13.00-14.30

3rd Session Immune landscape of Inflammatory Breast Cancer

Chairs: N Chaher, K Hamzaoui, C Callens, Y Hamdi
14.30-14.50: Therapeutic innovations from molecular biology to immunotherapy Ahmed Awada (Belgium)
14.50-15.10: A molecular view of the immune landscape of TN IBC Hugo Arias-Pulido (USA)
15.10-15.30: Epidemiology and molecular biology of IBC in Algeria Nabila Chaher (Algeria) / Hugo Arias-Pulido (USA)
15.30-15.40: Discussion
Coffee break 15.40-16.00

4th Session: **What's next in Inflammatory Breast Cancer management?**

**Chairs:** A Khanfir, C Nasr, K Van Golen, M Ayadi

- **15.40-16.00:** Therapeutic targeting of IBC: Novel trials and opportunities Nesrine Mejri (Tun)
- **16.00-16.20:** The first randomized T4 breast cancer trial of STOR Hanène Ben Salah (Tun)
- **16.20-16.40:** Radiotherapy in IBC: Different approach? Michael Stauder (USA)
- **16.40-16.50:** Discussion

**Thursday September 26th, 2019**

5th Session: **Current and perspectives of Inflammatory Breast Cancer**

**Chairs:** M Cristofanilli, H Boussen, M Hechich, Moh Manai

- **9.00-9.20:** Current and upcoming candidate markers for IBC Karima Mrad (Tun) / Maha Driss (Tun)
- **9.20-9.40:** Progression to neoadjuvant therapy, what to do next? Faten Ezzairi (Tun)
- **9.40-10.00:** Young researcher presentation Maroua Manai (Tun)
- **10.00-10.20:** Surgery of IBC: From the truth reality to innovation Hatem Bouzaiene (Tun)
- **10.20-10.30:** Discussion

Coffee break 10.30 -10.45

6th Session: **Challenges and social aspects of Inflammatory Breast Cancer**

**Chairs:** H Raies, A Boujendar, H Errihani, K Rahal

- **10.45-11.00:** Prospective study on IBC in Moroccan population Narjess Berrada (Morocco)
- **11.00-11.15:** Metastatic Inflammatory Breast Cancer, how far can we go? Wala Ben Kridis (Tun)
- **11.15-10.30:** Learning Advocacy from western IBC patients Jeannine Donahue (USA)
- **10.30-11.45:** Learning Advocacy from western IBC patients Valerie Fraser (USA)
- **11.45-12.00:** Closing Hamouda Boussen (Tunisia) and Massimo Cristofanilli (USA)
